

D2 Cross Ice Game Using Blue Stripes for Nets

Key Points:

Play games with regular or modified rules and vary the amount of players.

Description:

Use the blue or red line stripes on the boards as nets if there aren't enough goalies.

This is a puck support - passing game with the rule that the players can only have the puck for one second.

You can play even or odd man situations, add Jokers or play D200 games with players rotating in.
