## D1 Shinny – Russian U20

### **Key Points:**

Everyone plays at once. No offsides and no rules except good sportsmanship. Great for developing puck handling skills and recovery after a hard practice.

### **Description:**

This is the Russian U20 team playing shinny at the end of two practices. Everyone plays including the coaches and the extra goalie. They played shinny at every practice. The players enjoyed the games and it was a very different atmosphere than the North American practices which were so military with whistles all of the time, coaches barking and making many passes in command style, coach centred sessions.

Hockey seemed like a Game at the Russian and other European practices and a Job at North American sessions.

## D2-4 Tournament Using Various Pucks and Balls

### **Key Points:**

The different weights, size, hardness and bounce of the pucks and balls overload the nervous system to adapt stickhandling technique.

This tournament lasted 45 minutes with 9 x 5 minute games. Fun, skill and lots of skating, touches and exercise. Research has shown that cross ice games have 600% more puck touches than a full ice game.

### **Description:**

1. Play two cross ice and one game with one goalie.
2. Games last 5 minutes then the same teams play in a different area.
3. After all have played in each area rotate who they play against.
4. Use different pucks and balls for the first two rounds and then play 1-1 where the defender regroups with the goalie before attacking or the point in the one net game.
5. Keep track of wins.

## D2 and D6 Variation Game Formations

### Key Points:

This is an example of how to use multiple nets with groups that have mixed ability levels. In this ice session we had 3 cross ice games and then moved the net for one 2/3 ice and one 1/3 ice game happening at the same time. There were 3 different modified games and each had a purpose.

### Description:

Game One: D2 - cross ice game with the rules there must be at least 2 passes but you have to beat a defender before passing.

Game Two - cross ice game D2 - Only 1 pass Allowed Receiver must score.

Game Three - D6 Variation 2 - Two Passes and All Must Score before you can score a second goal.

Game one encourages passing and getting open but in order to beat a defender you must skate away from them to open ice. This is the most important habit a player can have when they get the puck.

Game Two allows one pass, so a fake pass is an effective move. Theme of the practice is stickhandling and the pass receiver must make moves, dekes and protect the puck in order to score.

Game Three passing rule causes passing, getting open, covering away from the puck to happen. All must score forces everyone to participate hard and get open so they can score. It also requires the players to get their head up and do things like screen away from the puck.

I was taking the video so no coach was enforcing the rules in two of the games. The older players are used to modified rules and were doing them. The beginner group has more trouble because they are struggling with the basic skating and puck handling but it is good to teach them how to play at the same time.

So rules must be enforced to be effective.

Here is a video of the three games.

## D2 Cross Ice Game – Sweden

### ***Key Points:***

Face the puck and give good support. Use nets, tires, small nets, the line on the boards etc., for a goal.

### **Description:**

Play a cross ice game to warm up. Encourage the players to want the puck and try moves to create space for themselves.

Anders Ottosson is a development coach in Sweden. He is running a skills practice for 12 year old players in Stockholm.

<http://hockeycoachingabcs.com/mediagallery/media.php?s=20100414094539964>

## D2 Cross Ice Game Using Blue Stripes for Nets

### **Key Points:**

Play games with regular or modified rules and vary the amount of players.

### **Description:**

Use the blue or red line stripes on the boards as nets if there aren't enough goalies.

This is a puck support - passing game with the rule that the players can only have the puck for one second.

You can play even or odd man situations, add Jokers or play D200 games with players rotating in.

<http://www.hockeycoachingabcs.com/filemgmt/index.php?id=96>

## D2 Cross Ice Games

### **Key Points:**

Use regular or small nets, tire, pylons or the lines on the boards for goals. Play with regular or modified rules.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20120903095848173>

## D2 King's Court Tournament

### **Key Points:**

I used this tournament rotation a lot teaching sports like volleyball, badminton, basketball. Use nets, small nets, pylons or blue and red lines on the boards as nets. After about 4 rotations you end up with the best players at one end playing each other so it is a good way to select teams as well.

You can play from 1-1 to 5-5 depending on how many games are going on at once. Have jokers that must be passed to for regroup or one timers or pass to a joker to rest.

### **Description:**

1. At least two cross ice games at once are required.
2. Play cross ice games of 1-1 to 5-5 and keep score.
3. Add skill rules, regroup, player rotation rules etc.
4. When the game is over follow these steps.
  - a. Put the pucks in the middle lane.
  - b. Winners go to the King's Court side of the ice.
  - c. Losers go to the other side, if tied stay on the same side.
  - d. Now rotate clockwise but the team at the King's Court stay where they are.
  - e. Start the next game with a 3 stick touch NHL face-off.

*\* If there is a dispute about who won then the winner is decided by Rock-Paper-Scissors.*

King's Court game of 1-1 with a regroup with joker team mate on a turnover.

### Kings Court Tournament

1. Play 30" pass to your partner

2. Score on the net, hit pylon or stripe  
KCourt

3. Play a 3' game

4. Winners to KCourt side

5. Tie stay where you are

6. All but KC rotate clockwise

7 Put puck in middle at the end of game

8 Add a pass to teammate on each turnover

9. You can add players and rules etc.

10. Goalies rotate as well

## D2-D200 Five Cross-ice Games at Once

### Key Points:

Play games with modified rules to isolate skills. Use regular and small nets.

### Description:

1. Stagger 5 big or small nets across from each other.
  2. When everyone is playing the rule is they must bounce the puck off the far boards to go onto offense.
  3. Also play with the attack-defend-pass- rest and the defense passes to players waiting at the far boards.
- \* Change the rules, use different kinds of pucks and balls and play even and odd number situations.
- \* D200 1 on 1 game, where a team mate waits for a pass to go on offense is a fantastic way to practice stick handling. The play offense-defense-pass-rest and then on offense again.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20141221111029230>

## D4 - Goals Must Originate Below Goal Line

### **Key Points:**

Players learn to protect the puck, pass to themselves off the boards or back of the net and use the net for puck protection. Also change the point of attack. Defenders must see the puck and the player they are covering and goalie must look over their shoulder and move side to side.

### **Description:**

1. Play game situations from 1-1 to 5-5.
2. Situations 3 on 3 or less the players must keep the puck below the top of the circles.
3. To start an attack the puck must be moved below the goal line.
4. When the defenders get the puck they have to get it deep below the goal line before they can score.

## DT4 - Jokers at Point and Below Goal Line

### Key Points:

This game is a little bit different because the jokers behind the net and at the point move around. The point jokers can check each other and move in for one timers but not join the rush. In this game the low jokers are not checking each other because I was getting them used to making plays from below the goal line and facing up ice as much as possible. It can progress to all jokers can check.

### Description:

1. Play from 1-1 to 3-3 with one joker at the point and one below the goal line.
2. When defender gets the puck he must regroup with either the joker at the point the low joker.
3. Joker to joker passes are ok.
4. Jokers at the point can check each other and progress to low jokers can check each other.
5. Players rotate after a joker has made two passes.
6. Keep score and play tournaments.

*\*Rules like you must pass to either joker, one joker, both jokers or jokers can check jokers can be implemented.*

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20100821115710425>

## D4 - Jokers Behind the Net

### Key Points:

### Description:

1. Play with teams of from 1 to 5 players.
2. Each team has a joker below the goal line.
3. No one checks the joker.
4. All goals must come from plays started by the joker.
5. Play both even and odd man situations.
6. Keep score and play tournaments.
7. Progress to jokers can check jokers.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20120425092815856>

## DT4 - Pass Low - Plays from Point-Dukla

### **Key Points:**

Pass to low man on transition and goals must originate from the point. Tips, screens shots, one timers. All players must move when they get the puck.

### **Description:**

1. Play from 1-1 to 3-3.
2. When defenders regain the puck they must pass below the goal line.
3. Low player may pass to anyone.
4. Goals must come from point plays like shots or passes.
5. All players must either one touch pass or shoot or else move when they get the puck. i.e. no standing for 2" then passing.

<http://hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20100821120758557>

## T2-4, D4 – Reilly Team Play Rotation

### **Key Points:**

Practice team play situations at each end. Even or odd man. Leave players in the neutral zone for pp and pk. Situations.

### **Description:**

1. For specialty teams start with 5-5 at each end with one defensive player in the neutral zone making it a 5-4. You can use any number 3-3 to 6-5.
2. Start green on pp vs. white on pk at one end. On a goal, frozen puck or shot down the ice the green get ready to pk and the white the pp.
3. The other end starts with the white on the offense first.

*\*The play rotates from end to end.*

## D4 Attack and Defend the Dot

### Key Points:

Attacker make lots of moves and dekes, change of pace and turns. Defender keep a tight gap and stay on the defensive side blocking the way to the net.

### Description:

1. Attacker starts just outside the circle.
2. Defender start a stick length away with hands against the chest.
3. Attacker try to put the puck on the dot.
4. Defender block the attacker from the dot.
5. Go until puck is on the dot or a whistle after 10 seconds.
6. Finish by sprinting to the red line and back to the blue line.

<http://hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20101218074836562>

## D4 Baggo - Czech U20

### **Key Points:**

Face the puck. Get open for a pass and give a target. Goals on one timer shots.

### **Description:**

1. Offensive team must pass within one second.
2. Goals must be on one timers.
3. If the puck goes outside of the zone the other team gets it.
4. On transition to offense there must be at least one pass before you can shoot.

<http://www.hockeycoachingabcs.com/filemgmt/index.php?id=83>

## ***D4 End of Practice Game-Washington***

### ***Key Points:***

Everyone plays at the same time. Great way to end a practice and many teams use this to end the pre game warm up.

### ***Description:***

1. Defensemen and goalie vs the forwards and maybe the coaches.
2. Use one puck and whoever scores wins.

<http://hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20101210084232659>

## D4 Keepaway and Score

### **Key Points:**

Make lots of moves and protect the puck with your body. Everyone must stay inside the zone.

### **Description:**

1. All the players are in one zone.
2. Everyone but one or two players has a puck.
3. Players without a puck steal one and shoot it in the net.
4. Last player with a puck wins or else the player who scores the most goals wins.

<http://hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20101220072253253>

## D4 One Pass One Second - Russian U20

### **Key Points:**

One touch passes and one timer shots are used. Face the play with the stick on the ice and give quick support.

1. Play at one or both ends.
2. Transition to offense by making one pass.
3. Puck must stay inside the blue line or defenders get it.
4. Keep score.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=2012022209521290>

## D4 One Zone Game - Slovakia U20

### Key Points:

'The Game is the Greatest Coach.' Play in one zone and practice working together. Use various rules. In the video they are playing 'One Pass.'

### Description:

1. Game is in one zone and if the puck goes over the blue line the other team gets it.
2. Puck changes possession on a goal or a frozen puck.
3. Transition to offense by making at least one pass before you can shoot.
4. Use modified rules such as: one pass, two passes, only forehand, only backhand, goals only on one touch shots, two touch or two seconds with the puck, puck carrier must make an escape move, goals must originate from below the goal line, only one pass allowed, only certain kinds of shots like a backhand or slap shot, etc..
5. Add intensity by keeping score and having tournaments.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20141208094425400>

## D4 Players Breakout before Attacking

### **Key Points:**

To transition from defense to offense all the players must come out over the blue line and stay on side when they turn back to attack.

The coach can designate modified rules for the game to work on either individual or team play skills.

### **Description:**

1. One team attacks with the puck and tries to score.
2. The defending team must breakout over the blue line and then turn back and attack.

\*Individual skills can be worked on. i.e.

-Skating-only backward skating allowed.

-Team Play - goals come only on plays originating below the goal line.

-Individual Offensive skills - an escape move must be made when you get the puck.

- Individual Defense - sticks upside down until one shot is taken.

## D4 Two Pass

### **Key Points:**

My favorite game to warm up the players at the start of practice. The quicker they make the passes after regaining the puck the more scoring chances they produce. If you look on the video's my son and I are playing this game with Dany Heatley and Jamie Huart as they prepare to go to Europe for the World Championships.

The game is the template and then you can add skill or good habit rules to practice 'How to Play the Game.'

### **Description:**

1. Players must stay inside the blueline and if they puck goes out the other team gets it.
2. Before scoring the offensive team must make at least two passes.
3. When the defenders regain the puck they must make at least two passes before a shot.
4. Make rules with skills for skating, shooting, passing or good habits.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?s=20111005184904487>

## D4 Two Pass – Swiss U20

### **Key Points:**

My favorite game to warm-up the players at the start of practice. The quicker they make the passes after regaining the puck the more scoring chances they produce. This video shows the Swiss U20 Team playing 2 Pass as a warm-up.

### **Description:**

1. Players must stay inside the blueline and if they puck goes out the other team gets it.
  2. Before scoring the offensive team must make at least two passes.
  3. When the defenders regain the puck they must make at least two passes before a shot.
  4. Make rules with skills for skating, shooting, passing or good habits.
- So the game is a template to either use as itself or modify rules to cause the players to do skills or moves within a game situation.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20120313082015545>

## D4 Two Pass Game with only Forehand Passes

### **Key Points:**

This game causes a few things to happen. Transition from puck carrier to pass support, checking the puck carrier to covering away from the puck happen very quickly. The puck carrier must use pivoting, escape moves and puck protection skills to pass on the forehand and everyone must face the puck and give a target.

### **Description:**

1. Players must stay inside the blueline and if they puck goes out the other team gets it.
2. Before scoring the offensive team must make at least two passes.
3. When the defenders regain the puck they must make at least two passes before a shot.
4. Make rules with skills for skating, shooting, passing or good habits.

In this game the rule is that you can only pass on the forehand. If a player does a back hand pass the other team gets the puck.

## DT4-Jokers at Point and Below Goal Line-Dukla

Great game for transition between all 4 game playing roles.

### Description:

1. Play from 1-1 to 3-3 with one joker at the point and one below the goal line.
2. When defender gets the puck he must regroup with joker at the point and a play to the low joker must be made before a shot can be taken.
3. Joker to joker passes are ok.
4. Point shots are ok after a pass to the low joker has been made.

## D5 - Games of Two Pass with Jokers

### Key Points:

Keep score in all of the games. Change where the jokers are and allow jokers to check jokers. Rotate on goals against. Rotate areas each game.

### Description:

1. Play two one goal games and one cross ice game.
2. Require that 2 passes are needed before shooting and the jokers must be passed to.
3. Players don't check jokers but cover a man.
4. Jokers can pass or shoot but can't skate past the line.
5. Use passing rules like only forehand, skating rules as only backward or on one foot, quickness rules like only one second with the puck or good habit rules such as goals must be on one-timers.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?f=0&sort=0&s=20111021093048709>

## D5 Nets back to back with jokers

### **Key Points:**

Jokers can only have the puck 1 second and then must pass or shoot. You can add that they must move sideways or back when they get the puck.

### **Description:**

Place the nets back to back at the red line.

-Half the team play and half are jokers. Shifts 30".

-When the team gets the puck on defense they must pass to a joker before they can score. Jokers can move around on the perimeter.

If you have only one goalie then it is a great conditioning - skating drill for the goalie to play for both teams and skate around to the other goal.

## D5 - 3 Small Area Games

### **Key Points:**

It is important to learn to protect the puck and to transition between playing roles quickly. i.e. when you pass you get open right away and not stand there or when you lose the puck you find someone to cover.

- Also hustle out when the whistle goes.
- Pass the puck to the coach or a teammate on the whistle instead of leaving it in the zone.

### **Description:**

#### **Game One; Tight low battles**

1. Coach dump the puck in.
2. Players race in and battle for the loose puck and try to score.
3. When defenders regain the puck they must pass to the coach to go onto offense and they practice role 2 getting open and defenders role 4 covering away from the puck. No one checks the coach who is the joker who can shoot or pass back to the team who passed to him.
4. Play 20" and hustle out on the whistle and pass to the coach who dumps it in when everyone is out.
5. This is a great game to work on the cycle and low D zone coverage.

#### **Game Two; Quick Shot Game or Power Play Game**

Place the nets on the bluelines (or in a zone if only half ice). It is 3 on 3 with 2 players on each team in the offensive end and one in the defensive end.

1. Coach dumps the puck in the middle and they battle for the puck.
2. Play for about 20" with the coach putting in a new puck on goals or missed nets.
3. Keep score.
4. Rotate new players in on the whistle.

#### **Game Three; Low Battle with Players Joining After a Give and Go**

1. Coach dumps the puck in or shoots.
2. Players battle for the puck 1 on 1.
3. Teammates can join the attack when they make a give and go with the active players.
4. Play about 30 seconds.
5. As in all games keep score up to something like 3 for a win and play a 2 of 3 series.

## D6 and D7 Games

### Key Points:

Rink is divided lengthwise and full ice, one zone or half ice games or drills are possible.

### Description:

*Ice divided into two full length areas.*

- 5 minute game of soccer on one side and ringuette on the other with everyone playing. After 5 minutes switch the soccer and ringuette ball and ring.

- 1 on 1' on both sides. We started with a quick review of how to play a defensive 1-1 and stay on the D side, eyes up, elbow back.

- Drill - Attacker and defender both leave from the red line and skate back to their blueline and then forward. The attacker keeps going toward the opposite net and the defender must tighten his gap skating forward and then do a transition to backward skating and stay on the D side. When they cross the blue line the next two start and attack the other net.

- 2 on 1 - Now 2 attackers skate back to the blueline and forward vs one D who does the same thing in the opposite direction.

- 2 on 2 game of 60"

- 3 on 2 game of 60" with the teams alternating between sending 2 and then 3 players.

## D6 Game Formation – Variations

### Key Points:

The ice can be divided into two halves lengthwise which creates more speed and allows full ice drills and games on each side.

### Description:

B6 is the basic formation with a net on each side of the ice on the goal lines at each end.

#### B6 Variation One

- One net on the goal line lined up with the other net on the far blue line.

#### B6 Variation Two

- One net in the goal crease at one end and the other net lined up with the face-off dot at the far blue line.

-This variation allows for play in the entire zone.

- In this variation the scoring team gets the puck and goes the other way and the team scored on must touch the blue line before defending. Use either Variation A or Variation B or you could combine them. Variation B gives a full zone to attack and defend in at each end.

<http://www.hockeycoachingabcs.com/filemngmt/index.php?id=92>

*Basic D6 Formation and D7*

*By dividing the ice down the middle you have the option of doing games and drills full ice, in one zone, 2-3-4 games at once or games and drills at the same time.*

## D6 Games - Two Full-ice Games at Once

### **Key Points:**

Use one net at each end and rink dividers make is safer but not necessary. In Europe they offer lie down boards 4x4 to divide sections of the ice. (hollow inside and easy to store)

### **Description:**

1. When you play full length of the ice you can use every game you would on the entire rink.
2. Using one quarter ice games at each end allows you to do skill and transition games.
3. Two full length drills and two games are all possible using the D6 Formation.

<http://www.hockeycoachingabcs.com/mediagallery/media.php?s=20120418100540886>

## D Multi Net Game

### **Key Points:**

Implement any rule modification like types or number of passes, how many goals one player can score, etc.

### **Description:**

1. Place nets around the rink and allow space for players to skate behind.
2. Divide the players up into equal teams at each net.
3. Use one puck or if multiple pucks leave them in the net after a goal.
4. Keep score.
5. Players defend their own net and can score on all other nets.

\*If the skill level is uneven rule is all must score before you can score again.

Divide the team into two groups and each gets a 5 min. power play with a ref. Great to play other teams in a specialty team game. Play all odd number situations 5 on 4, 5 on 3, 4 on 3. It is also a good method to practice even strength 3-3, 4-4 and 5-5.

### **Description:**

2. Take turns with all numerical situations that happen in a game.
3. Suggested rotation with a 3 minute time out before each segment for coach to go thru the team play situation at the bench.
  - a. Ten minute warm up.

  - b. 5 on 3 each team and then 3' time out.
  - c. 4 on 4 each team and then a 3' time out.
  - d. 5 on 5 each team and then a 3' time out.
  - e. Coaches agree on a situation they want to focus on.

## D200 Tournament with Three Cross Ice Games

Here is an idea of how to use the ice to play tournaments on one sheet. Incorporate one tournament per week. Two or three teams could share the ice and set up everything before so they don't waste time. I have included a diagram. Use hollow 4x4 boards, hose or rink dividers. Add rule modifications and keep score.

Use foam pads, wooden or thick hoses to divide the rink into three sections and 3 benches. Play 5-5 with 5-7 year olds and 4-4 with 9-10 year olds. A 60 minute ice time could be a 6 team round robin tournament of 10' games. 5 min. warm up and 1 min. between games to switch rinks. Continuous. After a goal take the puck out right away and go. Opposition can't pressure until one player crosses the mid line.

## D400 Games of 1-1 to 2-2 with Multiple Nets

### Key Points:

Sometimes you have many goalies. Here is a game that you can use up to 3 nets and work on the offensive and defensive principles and skills of 1-1, 2-1, 1-2, 2-2. I have used this formation with up to 4 nets in hockey schools, team tryouts and situations like I have now with 3 goalies.

### Description:

Players line up along the boards with the defensive teams player being first in line and the offensive player next.

1. Offensive player attacks 1-1 vs the defensive player.
2. New defensive player follows the attack and gives support (either active or passive depending on how long you want the original 1-1 to last)
3. On a turnover or a goal the supporting defender gets a pass or takes the puck out of the zone and turns back at the red line and attacks vs the original attacker. When the puck is out of the zone the original defender rests at the end of the line.
4. When the new attacker crosses the defender gets support from a teammate at the front of the line. Repeat.

This is a great game to progress from instructing how to play a defensive or offensive 1-1 and then putting it into a game situation. The rotation can even be used to practice team play with larger numbers when you only have a half ice practice. . i.e. a 3-2 and 3 new players support, one goes low to make it a 3-3 low while the other two are passive at the top of the circles. Breakout and turn back vs the original attacker 3-3 and have 2 support, next 3 support.
