

International Coaching Methods

I have spent quite a bit of time the last few weeks putting together pdf.s that compare how various groups practice by putting links to the Forum postings of drills and games. Each posting has a description, diagram, video link and a pdf. that can be saved.

Most of the gold winning Finnish jr. team were here two years ago with the U17 team that won the Mac's. The Russian U20 team is the one they played in the final last week. If you save the pdf.s at the bottom of each posting you can click on the titles to go to the drill.
